Arbor Day Meeting By Garden Club

Members of the Pahokee-Canal Point Garden Club held their annual Arbor Day luncheon meeting in the Community Park building at Canal Point Tuesday, with the president, Mrs. Claude L. Shirley, presiding.

Mrs. Leo Maxwell, program chairman, introduced Mrs. C. M. Todd who spoke on "Men and Trees." She also introduced the guest speaker, Edwin E. Menninger of Stuart, Florida's outstanding authority on tropical flowering trees, who gave a lecture and showed colored slides of "Flowering Trees." In his talk the speaker revealed that he has for several years been introducing tropical flowering trees to Florida from all parts of the world and at the present time is propagating more than 1,000 different varieties of flowering trees in his nursery at Stuart.

In keeping with the program theme, "Trees," the luncheon tables were uniquely decorated with miniature trees made by Mrs. John T. Pickett and Mrs. H. M. McIntosh from colorful croton leaves.

The luncheon arrangements were under the direction of Mrs. M. C. Carter, hospitality chairman, who was assisted by Mrs. Nola B. Smith and Mrs. J. H. Bordeaux. Plates were laid for more than 50.

Mrs. Shirley introduced Mrs. Don Hillier, president of the Pahokee Woman's Club, who in turn introduced members of her club all of whom were luncheon guests.

Following the program, members of the Hibiscus Garden Circle went as a body to their Pioneer Park development on Bacom Point Road to plant a tree and the Gardena Garden Circle planted a tree on the grounds of the Everglades Memorial Hospital.

Devil Netters In Seventh Place

Coach Bill Howard's Pahokee Blue Devil basketball team, jumping along in seventh place in the Suncoast conference race, will go to Belle Glade this Friday night for a cellar battle with the ninth place Rams who were pulverized by the conference-leading Pompano Panthers, 117-45, at Pompano Tuesday night.

On Tuesday night of next week the Blue Devils go to Pompano for a return game with the Beaniepickers, who defeated the Pahokee Five, 84-61, in the season's opener on Dec. 11.

Howard's Blue Devils looked pretty good immediately before and after the Christmas holidays when they racked up a couple of successive wins from Lake Worth and Seacrest but since then they have played ineffective ball, losing successive games to Vero Beach on Jan. 8, to Clewiston, 53-41, last Friday and to Stuart, 64-49, Tuesday.

On the other hand, Coach Webb Pell's B team has shown improved form in their last two games. In their first two wins of the season the Blue Devil B's defeated Clewiston's baby Tigers, 44-30, on the local court last Friday night with Buddy Parker furnishing the scoring spark for his team and on Tuesday night the Blue Devil second team defeated the Stuart B's at Stuart, 47-30.

The annual award of sweaters and letters to members of the Pahokee High School Blue Devil football squad who earned them during the season was made the past week by Coach Webb Pell, who was voted Suncoast conference football at the end of the 1953 season as Coach of the Year.

Senior members of the squad, Robert Goodson, Elmer B. Elliott, Buford Justice, Wiley Howell, Mike Ginsberg and Edwin Stuart, received white sweaters. Blue sweaters were awarded to Donald Waddell, Jimmy Schoepel, Holton Herring, Farris Kincaid and Albert Gamot. Awards of white letters only were presented to Jimmy Lee Dodge belonging to Mr. and Mrs. Julius Moon was stolen in West Palm Beach. Mrs. Moon had several Christmas packages in the car at the time. Tuesday of this week the FBI located the car in New Jersey. Reports are to the effect that the car was in good condition.

Bacom Point Rd. To Chosen Among Bids By SRD On Jan. 28

Bids will be received on two important Glades road improvement projects by the State Road Department in Tallahassee Thursday, January 28, according to County Commissioner Paul Rardin. The projects are SR 717 between Pahokee and Belle Glade and SR 25 from the Dade county line north to South Bay.

State Road 717 is the extension of the Bacom Point road from the airport in Pahokee to State Road 80 south of Chosen and Belle Glade. This project calls for leveling the present grade and laying a new oil and rock surface of type two materials. The distance is 7.99 miles.

State Road 25 (US27) from South Bay through Palm Beach and Broward Counties to the Dade county line is to receive a new surface of plant mix asphalt. The distance of this project is 53.7 miles.

Will Break Ground Lutheran Church

Rev. Walter Schoech, pastor of St. Peter's Lutheran Church, will conduct ground-breaking services at 3:30 p. m. next Sunday at the site of the future Lutheran Church in Belle Glade. The property is located directly west of the new high school building.

The congregation has met in various places in the community, but for the past several years has held services each Sunday night in the Women's Club house. Approximately two years ago a Sunday School was organized with nine members, and has more than doubled in size.

At the annual election of officers for the congregation held Sunday January 10, Paul C. Kirchman was re-elected president; J. G. Allhands, secretary; Charles Redmer, treasurer. F. W. Kirchman and Frank Kruse were elected elders, and Victor E. Green, Jr. and Robert Flieths, Sr., trustees.

About one and a half years ago a Ladies Aid Society was organized, which meets the last Tuesday of each month at the member's homes. A number of successful fund-raising projects have been undertaken by this group, although the emphasis at the meetings is on Bible study and selected topics.

The public is cordially invited to attend the ground-breaking ceremony for this new church which, it is hoped, will be an asset to the community, and fill a definite need for a church home by the many Lutherans of the Glades area. Construction will begin within the next few weeks.

We're A Little Late But Here It Is!

The vital statistics editor of this newspaper slipped a notch back in December and failed to record the arrival of a young chap who will be old enough to vote on December 17, 1974. Taking all of this into consideration said editor believes it expedient to put into print this week—even though it is somewhat late—a record of the birth of Phillip Walter Chastain, the son of Mr. and Mrs. Oscar Chastain of Canal Point. The young fellow made his entrance into this big old happy world at the Good Samaritan hospital in West Palm Beach.

Mrs. Reuben Cress of Pahokee is a patient at the Belle Glade Memorial Hospital this week.

Open Even When He's Closed

Must have been daydreaming in my way to a meeting down in Centerville the other night. My car ran dry before I thought to look at the gas gauge, but I managed to coast into a gas station—and found it closed!

Well, I thought my plans were ruined for sure until I noticed a gasoline can with a sign: "This is emergency gas. Just help yourself and leave the can with \$1.00. Thanks."

Got started, made the meeting on time, and had enough gas to

get back home again—thanks to a trusting friend.

From where I sit, folks who trust their neighbors make the world a better place to live in. For instance, letting a friend express his personal preferences, is one way of trusting your neighbor. Sometimes I prefer a temperate glass of beer in the evening but I'll always ask what you'd like before I pour yours.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,867.90 ... in 9 years and 8 months, you'll have \$2,860.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check *before* you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself *and* your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Dwight L. Rogers Seeks Reelection

WASHINGTON, D. C.—January 21, 1954—Representative Dwight L. Rogers today announced that he will be a candidate for reelection to Congress from the Sixth Congressional District. He is now serving his fifth term in this office.

Rogers' long time record of public service, both in Congress and in the Florida State Legislature, is marked by some of the most progressive and forward legislation on our books. For example, he is the author of the Florida home-stead law and the federal terminal leave pay bill for veterans. He introduced and led the fight in the House for the passage of the Flood Control Bill.

He obtains the views and thinking for his constituents through an annual questionnaire submitted through the newspapers of his District.

During the first week of this Session, he again assumed national leadership by introducing in the House a joint resolution calling for a constitutional amendment granting the right to vote to 18-year olds. Now pending is his bill requiring a record vote (yea or nay) on all appropriations.

Rogers is one of the few members of Congress who devotes his full time to Congressional work. In a statement issued from Washington today, he said "Being a Member of Congress, if you do it right, is a full-time job. I don't think the people of my district want a part-time Congressman and I certainly do not intend they shall have one. I will run for reelection on my record. I feel that people appreciate performance rather than promises."

Rogers explained that during the coming session he favors amending the tax laws so that all expenses for child care of working mothers, and all medical and dental expenses can be deducted from income tax returns; also for amending the Capital Gains Tax; that the double taxation on dividends should be repealed; and for amending the Social Security law so that a beneficiary can be paid his benefits irrespective of what amount he might make by self-employment or other employment. The Golden Text is from Deuteronomy:
 "Ascribe ye greatness unto our God. He is the Rock, his work is perfect; for all his ways are judgment; a God of truth and without iniquity, just and right is he" (32:3,4).

A STATEMENT

To the citizens of the Glades:

I wish to announce my acceptance of employment with Mr. Boe of Pahokee, serving in the capacities of specialized Zenith radio and television service repairing.

I feel it an honor and privilege to have been selected for this position by Mr. Boe, and I shall in all my humble power carry out in the sincerest detail all duties assigned me. I shall at all times uphold the fine business principles and ethics with which Mr. Boe has so faithfully served his many friends during the past years.

I have been associated with radio and TV sales and service since 1932, having recently completed six years as service manager and field service representative for Cain and Bautman, Inc. of Miami, the distributors for the Zenith radio and television lines in the state of Florida.

I want you all to feel that I shall always be your true and sincere friend and that our doors of service are always open to you regardless of the nature of your radio or TV problems. I also wish to impress upon you that I do not profess to know all the answers, nor am I a miracle man, but the knowledge and experience which I have acquired in the past will conscientiously be shared with you. I shall do my utmost to bring a satisfactory, dependable and honorable radio and television service to your fine community.

Mr. Boe feels greatly honored that he is depended upon by his many friends for his fair judgment in selecting their necessities that are used for their convenience and enjoyment. So after much deliberation and conscientiously searching for a satisfactory television and radio set that will give years of dependable service to his many friends, Mr. Boe has selected exclusively the complete Zenith radio and television lines for 1954, having been convinced that the Zenith TV Corp. has sacrificed nothing in the qualities of the many electronic parts that are used in the manufacture of the fine Zenith television and radio sets.

Having been closely associated with the fine organization for the past six years, I have learned that C. MacDonald, the president of the Zenith Corp., is a very meticulous and precise man. All of his designing and serving engineers are of the same caliber and learned men of the profession.

Zenith has led the field of electronics research for years, having given the industry many fine useful discoveries that have made television possible today. Mr. MacDonald has personally supervised his research engineers in this tropical climate to design television and radio circuits and many electronic parts that will satisfactorily operate and withstand the high moisture content of our location and give the Zenith owner a trouble-free, enjoyable service throughout the life of his chosen set.

Mr. Boe and his entire organization thanks you for your faithful patronage of the years past and we invite your trust and faithfulness in the future. We are proud to have been able to serve you and have deeply enjoyed our relationship. We feel we have now again selected for your enjoyment and pleasure a television set that will bring to you all the service you are seeking.

Sincerely,
Lew Meher
Boe of Pahokee.

Returns on Real Estate, Tangible and Intangible Personal Property should be filed at this time. I respectfully urge all taxpayers to meet me at the various appointments and make their returns. I shall be glad to discuss any tax problem you may have and help you in any way possible.

If for any reason you cannot meet me at these appointed places, the Tax Assessors' Office in the County Court House will be open for the purpose of receiving returns until the first of April. After that date no returns can be filed, nor can a homestead exemption be accepted.

I shall be glad to mail the necessary blanks to anyone upon request.

JAMES M. OWENS, JR.
